storytelling is an ancient art at their best stories provide a very personal and engaging way to pass information experience insight and imagination from one group to another from one generation to another tool tales is full of such stories its author herb kean is a noted tool collector dealer restorer and author as well as renowned raconteur here he has culled from magazines journals newspapers and encyclopedias 50 of his best stories and tips columns written over the course of his long career these stories range from whimsical tales of trips taken in search of old tools to more technical pieces detailing the how to s of solving many a knotty tool related problem full of valuable information to help the reader in buying selling and restoring antique tools they are also full of wit and good old fashioned fun

highlights major areas where storytelling is making a difference in the teaching of reading writing history science and other subjects in multicultural education and the creation of

classroom communities in improving students emotional health in enhancing children s grasp of our social and environmental responsibilities

another visit to jerry egbert s street where the expert jerry patiently teaches enthusiastic lucky about tools while walter amateur tool collector has more stories for the neighborhood children eight illustrated read aloud stories for 4 to 7 year olds who are or might become interested in tools a celebration of human curiosity ingenuity and community

a price guide is only as helpful as its prices are current with this in mind we offer a new fourth edition of herbert kean s a price guide to antique tools its prices taken from the latest live and internet auctions as well as from private sales as before there are over 12 000 prices individual and chart combinations that represent extraordinary tools as well as those found in flea markets there is an explanation for each tool group that allows the reader to judge the condition of a tool the most critical of all factors when determining price the chapter on american wooden planes covers over 400 makers each graded with a single value number a system that is at the same time simple and comprehensive to help even more almost every tool is illustrated with a photograph or line drawing the section on internet prices explains the mechanisms of electronic auctions and gives tips for successful bidding if you have ever wished that you could consult with an expert before investing in a tool this is the book for you it puts at your fingertips the knowledge and expertise of noted tool collector and dealer herb kean both in determining current prices and in evaluating condition altogether an invaluable book

jerry egbert and his neighbors old and young like to use tools and talk about tools jerry is an expert lucky is curious and walter is a tool collector as well as a storyteller eight illustrated read aloud stories for 4 to 7 year olds who are or might become interested in tools a celebration of human curiosity ingenuity and community

when are you going to teach me something a provocative question from caroline one of the children you will meet in paul carreiro s story of how he has incorporated howard gardner s work on multiple intelligences in his busy kindergarten classroom focusing on his current students he also looks back at the other elementary level children he has worked with including special needs students paul describes how he has constructed a workable framework for approaching any topic or curriculum in a way that accommodates a range of intelligences you will find answers to the questions he has posed for himself how can i get the most thinking from the simplest everyday acts of teaching how can i develop thinking in the broadest range of learners how can i teach so that all children perceive themselves as thinkers how can i use the electronic media to develop and extend thinking the heart of the book deals with the entry

points gardner has nominated as being useful in approaching any topic in concise chapters paul describes the specific and practical strategies he has developed that demonstrate ways in which children can and do think when prompted by appropriate teacher challenges tales of thinking includes material related to the newly nominated naturalist intelligence discusses the use of the portfolio process with young children has many examples of recognizing and extending thinking from media saturated children expands your understanding of the scope of gardner s work provides examples of teaching strategies to accommodate intelligences in your classroom offers evidence of how negotiated curricula can work even in a crowded curriculum models the process and practice of authentic teacher inquiry find out how dance took over a kindergarten class listen in as children consider whether their teacher is an alien observe the learning that takes place as children learn to talk mathematically by relating these and many other tales of thinking from children and classrooms past and present paul carreiro demonstrates how capable children are of choosing their own paths to learning and understanding

further doings of the skillful jerry egbert earnest lucky their young neighbors and walter ever fascinated by tools and storytelling eight illustrated read aloud stories for 4 to 7 year olds who are or might become interested in tools a celebration of human curiosity ingenuity and community
