alternative investments such as hedge funds private equity and fund of funds continue to be of strong interest among the investment community as these investment strategies have become increasingly complex fund managers have continued to devote more time and resources towards developing best practice operations to support the actual trade processing fund accounting and back office mechanics that allow these strategies to function representative of this operational growth estimates have indicated that fund managers have seen increased operating budgets of 30 or more in recent years in today s highly regulated environment alternative investment managers have also increasingly had to integrate rigorous compliance and cybersecurity oversight into fund operations additionally with recent advances in artificial intelligence and big data analysis fund managers are devoting larger portions of their information technology budgets towards realizing technology based operational efficiencies alternative investment fund service providers have also substantially increased their scope and breadth of their operations related services furthermore investors are increasingly performing deep dive due diligence on fund manager operations at both fund level and management company levels this book provides current and practical guidance on the foundations of how alternative investment managers build and manage their operations while other publications have focused on generalized overviews of historical trading procedures across multiple asset classes and the technical intricacies of specific legacy operational procedures alternative investment operations will be the first book to focus on explaining up to date information on the specific real world operational practices actually employed by alternative investment managers this book will focus on how to actually establish and manage fund operations alternative investment operations will be an invaluable up to date resource for fund managers and their operations personnel as well as investors and service providers on the implementation and management of best practice operations

fund custody and administration provides an overall perspective of investment funds without limiting its analysis to specific fund structures as other books do since governance and oversight of investment funds are now major regulatory requirements administrators and custodians must place greater emphasis on the custody and safekeeping of fund assets on the independent and robust valuation of the assets and on collateral management by focusing on both the asset transactions made by the investment manager for the portfolio and on the transactions in the shares or units of the fund itself it gives readers insights about the essential

elements of investment fund management and administration regardless of their geographical backgrounds explores the key stages in the investment process from setting up a fund through its launch and operation explains the roles of participants as well as the ways regulation affects the fund and its operation describes the work flow associated with custody and administration procedures and processes defines the role of compliance and risk management in the context of the fund and also how compliance requirements apply to custodians and administrators

master s thesis from the year 2006 in the subject business economics law grade a german sehr gut 1 5 university of frankfurt main the institute for law and finance course ll m finance language english abstract this paper investigates activist investing as adopted by some institutional investors and hedge funds and explores the resulting impact on the decision making and corporate governance processes of the companies in which they invest firstly it suggests that although activist investing has become something of a fad and its benefit to firm performance is still disputed investors attitudes have changed and acceptance of the strategy is growing secondly it posits that hedge funds in keeping with their respective financial size and available resources will continue to apply this strategy with three key objectives in mind namely i to unlock value for short term profit gains ii to support a quasi long only medium term circa 7 years investment diversification strategy iii to acquire businesses for the building of conglomerate industrial groups of companies i e forging king cong funds for a more thorough introduction to hedge funds in general readers are invited to read my earlier study titled the challenge of reigning in hedge funds through regulation and the need to improve disclosure requirements the latter looks at 1 lack of transparency as a key feature of hedge fund investment 2 benchmarking and performance measurement error 3 risk management challenge presented by investing in hedge funds 4 management fees and their relation to performance and risk 5 index funds fund of funds and their diversification advantages over hedge funds and other key topics
